Administration Building

THE COLLEGE

In 1857, the Mansfield Classical Seminary opened with a registration of 105 students. Four months later, the original building burned and the first South Hall was then completed in 1859.

In 1862, the Seminary was converted by the Commonwealth of Pennsylvania into the Normal School for the Fifth District.

Student teaching began in 1871. In 1926, the Normal School was authorized to confer the degree of Bachelor of Science in Elementary and Secondary Education. A year later, the name of the institution was changed to Mansfield State Teachers College.

Since the authorization of the College to grant the B.S. in Education, Mansfield has expanded its curriculum to include such special fields as Music Education, Home Economics Education, Library Science, Public School Nursing, Art Education, and Special Education.

Indicating a broadened concept of professional preparation, the Pennsylvania Legislature on January 8, 1960 authorized the title Mansfield State College. To better fulfill the broadened concept for professional preparation, Mansfield was given the right to offer a Liberal Arts Program in January 1963. Graduate programs in Music Education, Elementary Education, Mathematics, History, and English were also added.

The present campus, consisting of 31 principal buildings attractively set in 150 acres, will continue to expand. In the process of being completed is a maintenance building, recreation areas, roads, and parking lots. Future campus development includes a Research and Learning Center; Fine Arts Center; dormitories; alterations to Straughn Auditorium; and other projects.

RESIDENCE LIFE

Mansfield State College endorses Residence Hall living. The Professional Personnel Staff working with student and faculty groups is continually striving to create a program that will result in a living-learning atmosphere in the residence halls.

Experience in residence hall living contributes to the students' over-all social and emotional growth. Deviations from all-student residence policy may occur when clarified through the Office of Student Affairs, depending on age of student, marital status, individual requirements or other extenuating circumstances.

All students who reside in campus housing facilities are expected to continue in residence for the entire academic year unless they withdraw from college, move to another community, or move to begin student teaching or other contingencies. Specific residence hall regulations applicable to individual halls will be available to each student upon request. The enforcement of residence hall regulations has been established through the respective residence hall councils.

All resident students are expected to participate in the campus dining program. Exceptions to this policy must have the approval of the Vice-President for Student Affairs.

Mansfield State College wishes to have residents representing all creeds, races, and ethnic groups living in college resident halls. Therefore, in compliance with the Pennsylvania Fair Education Practice Act, all resident assignments are made without regard to race, religion, color or national origin. Having accepted the Pennsylvania Fair Education Act, we feel that a cross section of cultures provides a cosmopolitan community. The College also complies with the Federal Civil Rights Act, Title IV.

DAMAGE FEES

A two dollar campus damage fee is collected from all students to cover bills reflecting malicious damages on campus. Money remaining at the end of each fiscal year is used for improvements in various areas as approved by the Student Government Association. A ten dollar deposit is collected from all residence hall students in the form of a Residence Hall Damage Deposit. This fee is refundable, subject to possible damage claims.

STUDENT SERVICES

COLLEGE HEALTH SERVICES (Doane Health Center)

The College Health Service operates in a modern fully equipped facility which provides every convenience necessary for the health needs of students, who are served by a physician and registered nurses. Hospital care is provided at the Soldiers and Sailors Memorial Hospital in Wellsboro and the Blossburg State Hospital in Blossburg.

The services of the health center are extended to all students of Mansfield State College. These services include a preventative health program which consists of tuberculin testing administered to all seniors to meet graduation requirements and to all personnel working with the food services associated with the college. Influenza immunization clinics are held in the fall in October and November.

Allergy vaccine is administered to students if it has been prescribed by their physician; such injections will be given 2:00 P.M. or by special arrangement when necessary.

Members of the health staff work to furnish a thorough but friendly and individual service to which a student may come for help of any sort. You are urged to consult the Health Service at any time for purposes of diagnosing suspected contagious diseases or other illnesses. Since medical records and consultation are **entirely confidential**, there is no possibility of embarrassment to the student and consequently no reason for avoiding diagnosis.

Students who are ill are encouraged to report to the Health Center to be evaluated and treated by the nurses and the college physician, and where condition indicates, admission to the infirmary is advocated. Medications and treatments are dispensed to the students free or at a very minimal charge depending on the type of medication prescribed.

Infirmary services are available twenty-four hours a day during the time the college is in session.

EXCUSES

If a student is ill anywhere other than the Infirmary and wishes an excuse from class due to that illness, it is the **responsibility of the student** to notify the infirmary at the time of his illness.

Excuses are issued after 2:00 P.M. An illness resulting in 3 or more days of absence will require a statement from your family doctor.

STUDENT HEALTH INSURANCE PLAN

Mansfield State College offers its full-time students, through Higham, Neilson, Whitridge & Reid, Inc., a comprehensive hospital, surgical, and medical insurance program which provides twelve-month protection against the cost of injury or illness. This policy covers the student not only while at school, but during school holidays, summer vacations and other times when the student is away from college.

Full-time students will be covered under the plan effective September 1 through the next August 31, provided they register, and pay the \$40.00 insurance fee appearing in the student bill, by registration date.

Students who do not register until the start of the second semester will be covered when the second semester begins through August 31st at an insurance fee of \$23.25.

Coverage includes such areas as: hospital bills, surgical benefits, diagnostic X-ray and laboratory examinations, and numerous other coverage. For complete information ask for a brochure from the office of any personnel dean.

COUNSELING AND TESTING SERVICES

The Counseling Center assists students in making decisions related to the immediate problems of college adjustment and to broader problems of effective living. Students are invited to make an appointment for help in strengthening academic performance, developing career plans, solving situational problems, or improving personal relationships.

With a professional counselor, the student may explore freely and **in confidence** any problems or feelings which are important to him. He can receive help which enables him to assess his individual make-up, to acquire increased self-understanding and sensitivity to others, and to grow in the direction of his choice.

The college testing and counseling center is open Monday through Friday from 8:30 to 4:30 p.m. The services of the center are available free of charge to all students enrolled at the college. Students are encouraged to avail themselves of these services whatever the nature or seriousness of the problem.

Appointments may be made by calling Extension 222 or by coming to The Haverly House on Clinton Street. A student may designate which counselor he wishes to see; if there is no preference, he will be assigned the earliest available time. The student will not be asked to give any details concerning his reason for requesting an interview.

THE COUNSELING INTERVIEW

The interview takes place in a private office and may last as long as one hour. Sometimes interviews are merely for the purpose of gaining information, in which case only one meeting is necessary. Often, however, the student and the counselor agree that further sessions may be helpful. Counseling usually begins with the counselor encouraging the student to talk freely about his concerns. The Counselor listens, tries to understand, attempts to clarify, and helps the student become objective about himself and make decisions with which he will be satisfied. Counseling is not simply a matter of receiving advice; it is a process of thinking through a situation with the professional help of another person.

Again, no information disclosed in a counseling interview is given to anyone without the permission of the student.

TESTING

Counseling may be supplemented by means of tests which provide the student with more information about his interests, academic abilities, personal characteristics, study skills, and special aptitudes.

EDUCATIONAL ADJUSTMENT

The abrupt change from high school to the demand of college classwork is sometimes difficult to make. Counseling can help some students improve study methods and motivation, participate more effectively in class discussion, increase confidence and skill in taking tests, and assure themselves the necessary environment and physical health for efficient performance.

PERSONAL COUNSELING

Sometimes students find that personal concerns interfere with their academic work or in other ways make college life unsatisfying. Indications of this may include homesickness, difficulty in sleeping, inability to concentrate on lectures or tests, depressed feelings, lack of clear purpose, discomfort in social situations, or conflicts with others. Counseling has helped individuals with problems such as those involving military service, marriage, religion, finances, living conditions, relationships with family or friends, or just a need for self-understanding and sense of direction. These are the typical problems of college life and early adulthood. The student should recognize that it is very normal for him to be concerned about them and to seek help in working them out.

The Vice-President for Student Affairs is available upon appointment to consult with students on any problem relating to student welfare.

CONFIDENTIALITY OF STUDENT RECORDS

Mansfield State College recognizes that higher education's central role is to provide learning experiences that will afford opportunities for intellectual and personal growth of the student as well as opportunities for research, **and** acknowledges that the student's education and development is better served when confidential information about him is not made available to persons other than those who have a legitimate responsibility for his personal welfare, **and** recognizes that the maintenance of student records is sound educational practice provided that the purposes of such record keeping are to assist in the development of the student or to provide research opportunities.

1. As the custodian of student records, Mansfield State College assumes an implicit and justifiable trust. This trust involves a recognition that student records, both academic and personal, are confidential to the student and the institution. Accordingly, the College will exercise extreme care and concern in recording and disseminating information about students; and student records will be released by the Vice-President for Student Affairs only to appropriate college authorities within the institution, except where the student or graduate has given his formal consent or where the safety of the student and/or property is endangered. In instances where demands for information as to a student's personal record, his beliefs, or associations challenge the principle of confidentiality, the College believes that the educational institution is obligated to prepare every legal basis for resistance.
2. The College recognizes and supports the need for educational institutions to make available information about students for research purposes. In releasing original data for research the College will take due care to protect the identity of the student. Whenever the limits of confidentiality are in question the College will obtain the formal consent of the student prior to using information about him for research purposes. Before submitting information from student records to the researcher the College will be assured that the research agency will follow acceptable standards of confidentiality.
3. It is further urged that if the College maintains membership lists for research or intra-institutional purposes, it should adopt the concept of confidentiality, based on the principles of freedom of association and the rights of privacy, as stated in the NASPA resolution and resist to the fullest any demand for such information.

The following guides are meant to assure the confidentiality of student records:

I. The Student Placement Bureau is operated to fulfill the following purposes:

A. Assemble and keep a permanent record of the student's probable and actual employment potential and such other information as the student may wish to supply. This record will be distributed to prospective employers upon their request or by the direction of the student.

B. Assist students in securing positions of employment.

C. Assist employers in securing qualified people to fill existing vacancies.

D. Assist College authorities in the gathering of information from graduates and employers relative to the strengths and the weaknesses of the College as part of the follow-up program.

II. The Student's Placement Folder will contain:

A. A personal data sheet.

B. Three or more faculty recommendations.

C. An outside reference, one not affiliated with the College.

D. Recommendations for student teaching or other work experience gained as a part of the candidate's academic program.

E. An unofficial transcript of the student's academic record.

1. Disciplinary records are for intramural use and as such should not be made available to persons outside the institution except on formal request of the student involved. Disciplinary records should not be forwarded on transcripts unless the disciplinary action relates to the student's eligibility for re-enrollment into the College.¹ Intra-institutional use should be restricted to the professional student personnel administrator, who may interpret the meaning of notations to other officials in the institution when necessary to the discharge of their official duties.

2. Information from student records should not be sent to prospective employers in the private or the public sector or other educational institutions without the formal consent of the student involved. Written reports for prospective employers and educational institutions should be made only by a professional staff member, and information of a derogatory nature should be handled with extreme care. (See Student Placement Bureau, Item 1, above.)

¹ "Transcripts of academic records should contain only information about academic status" is to be interpreted to permit the recording of any institutional action which affects a student's eligibility to reregister at the College (e.g., suspension or expulsion for academic or disciplinary reasons).

3. The College has the responsibility to be responsive to bona fide governmental inquiries when national security or the safety of individuals is at issue. However, when requests of this nature are received and the student's consent cannot be obtained, the College should release only the information necessary to fulfill its legal obligation.
4. Information relative to the academic achievement of students should be released to College intramural committees which are considering students for honors, awards, or scholarships.
5. Certain information which appears in student directories and similar publications is usually available to the general public. Accordingly, such information may be released without formal consent of the student concerned.
6. The College should make a periodic evaluation of information placed in student personnel records and only information related to a specific purpose of the College should be collected and maintained. A time limit of 5 years is specified for the maintenance of records beyond a student's graduation or after a non-graduate withdraws from the College. In the interest of research, provisions may be made for the organization and classification of information in records that are to be destroyed.
7. Where a request for confidential information concerning a student has been made and the student has formally consented to the release of that information, the college is obligated to respond to the inquiring agency a minimal charge may be made for this service. It is assumed that the College will respond accurately to such requests, and in a manner which is in keeping with the statements of this document.

PLACEMENT SERVICES

The Placement and Career Planning Division is maintained to advise students on career development and specifically to help students and alumni plan further academic work or secure professional positions. Assistance is provided so that the individual may correctly evaluate himself, assess employment opportunities, and select a vocational area that can lead to personal growth and satisfaction.

CAREER ADVISING

Counseling is provided to help graduating seniors and alumni to (1) analyze their aptitudes, interests, educational preparation, short and long-range goals; (2) obtain information concerning appropriate areas of occupation; (3) investigate specific job opportunities; (4) prepare themselves to conduct job campaigns and to present themselves effectively as candidates; (5) evaluate job offers; and (6) choose the

opportunity that will best satisfy their particular criteria. Throughout this process, the director of placement establishes and maintains contact with potential employers in the areas of education, government, business and industry; represents the College and its students in relations with employing organizations; and maintains contact with regional and national placement organizations.

PLACEMENT SERVICES

In addition to career planning, available assistance includes:

1. The development and permanent maintenance of cumulative professional credentials for each registrant, which are sent to prospective employers at the student's request.
2. Information on certification and examination requirements.
3. Posting notices of position vacancies.
4. Scheduling of on-campus interviews with professional recruiters from many other states.

An occupational library is maintained by the Placement Division. Students may examine information pertaining to careers in business, industrial, or educational settings during regularly scheduled hours.

For those students anticipating study toward an advanced degree, general information regarding programs and admission requirements of graduate schools is available. Also, information pertaining to assistantships, fellowships, and scholarships will be posted periodically in the occupational library, Room 209, South Hall.

STUDENT FINANCIAL AID

As a state college, Mansfield's tuition costs are substantially lower than those of private colleges; the public subsidy is reflected in the fees to all students. While remaining committed to offering financial aid to able students who can show evidence of financial need, Mansfield State College must however, recognize that the basic financial responsibility of acquiring a higher education continues to be the obligation of the student and his family.

Matriculation at Mansfield State College is by semester; the college expects each entering student to be able to meet the expenses of the upcoming term without assistance unless such aid has been previously arranged and confirmed.

The following points are emphasized:

- (1) A new student (prospective Freshman or Transfer) should not file application for aid before his admission has been confirmed by the Director of Admissions and the Advance Registration Deposit has been paid to the College and acknowledged. Inquiries should then be made to the Office of Student Financial Aid, Mansfield State College. The Financial Aid brochure is available from the Admissions or Financial Aid offices.

- (2) Any student requesting financial aid must have filed the Parents Confidential Statement with the College Scholarship Service, Princeton, New Jersey. That agency will then advise the college of its objective analysis as to the student's (or student's family) ability to finance his own education at Mansfield State College. The Financial Aid Office utilizes this information when considering applications for all forms of student aid. Responsibility for filing the confidential statement rests with the student; help may be secured from high school principals and guidance counselors. The C.S.S. information sheet is NOT an application for aid.

OFF-CAMPUS EMPLOYMENT

The College wishes to impress prospective students that the location of Mansfield State College in a rural, non-industrialized region of the state greatly reduces the opportunities for outside part-time employment. Further, with increased emphasis being placed on scholastic attainment at this college, the number of hours in which a student may engage in employment has tended to drop sharply in recent years. The acquisition of off-campus employment is the responsibility of the individual student although the Financial Aid Office may be able to provide some limited job vacancy information. There has, however, been made available to qualified applicants, some part time off-campus State and Federal Workstudy Program employment. Additional information may be obtained in the Office of the Director of Student Financial Aid.

PART-TIME CAMPUS EMPLOYMENT

Part time student employment at the College is available in the dining hall, library, dormitories, grounds and buildings, college union facilities, and offices. Such employment is awarded to students who have shown evidence of financial need. These positions are normally filled by upperclassmen, but a limited number of positions are open to freshmen. Requests for student employment are made after formal acceptance and payment of the advance registration deposit. Applications are available from and submitted to the Office of Student Financial Aid.

Part-time State and Federal Workstudy Program employment is available at the college. For details see the Director of Student Financial Aid.

SCHOLARSHIPS

The following scholarships are awarded by various sponsors in cooperation with Mansfield State College. Applications are available from the Office of Student Financial Aid, South Hall.

W. H. COLEGROVE SCHOLARSHIP FUNDS. Annual awards of \$100 each to two deserving young women residents of Tioga County, Pennsylvania, are made for the purpose of aiding the recipients in defraying college expenses. These scholarships are not customarily available to new students.

THEODORE PRESSER FOUNDATION SCHOLARSHIP GRANT. The College receives annually a grant of \$400 for financing grants to outstanding junior or senior students majoring in Music Education. Grants are awarded by the Music Department with the approval of the President of the College. Applications for these grants should be made to the Chairman of the Music Education Department. Grants are made for undergraduate work for the forthcoming academic year.

PENNSYLVANIA STATE SCHOLARSHIP. In 1965, the Pennsylvania State Legislature appropriated monies to be granted in the form of scholarships. Awards are made on the basis of financial need and academic performance.

More detailed information can be obtained from the Office of Student Financial Aid.

FEDERAL GRANTS. Beginning the first semester 1966-67, grants of up to \$750 will be available as a result of the Higher Education Act of 1965. These awards known as Educational Opportunity Grants, will be distributed to students who are in good academic standing and have demonstrated financial need.

More detailed information can be obtained from the Office of Student Financial Aid.

HANNAH KENT SCHOFF MEMORIAL SCHOLARSHIP. The Pennsylvania Congress of Parents and Teachers each year in April awards one four-year scholarship of \$150 per year to a worthy Pennsylvania student. The student is selected by the Student Aid Committee on the basis of scholarship, personal activities and financial need. Applications may be secured from, and returned to, the Office of Financial Aid. Applications must be received before March 1.

LOANS

NATIONAL DEFENSE STUDENT LOAN PROGRAM. The National Defense Act of 1958, as amended, makes available to full-time students showing evidence of financial need and maintaining good academic standing, loans for college expenses.

Evidence of need will normally be on a yearly basis as evaluated by the College Scholarship Service; currently the college makes a

maximum grant of \$400 per semester. A portion of the College's National Defense Student Loan Fund is reserved for entering freshmen. These awards are made on the basis of financial need.

Applications for National Defense Student Loans may be received from, and returned to, the Office of Student Financial Aid. Application should not be made before notice of acceptance has been received and the Advance Registration Deposit paid to the college.

STATE HIGHER EDUCATION LOANS. Most states have state agencies which guarantee a college student's loan with a banking institute. All Pennsylvania residents are eligible, including freshmen, to apply for a state higher education loan. Pennsylvania grants \$1500 per academic year (as determined by semester hours completed). Loan applications are available from cooperating banks in the student's home area or directly from the Pennsylvania Higher Education Agency, Towne House, Harrisburg, Pennsylvania 17126. New York residents are eligible upon acceptance by this college.

Qualification is governed by class standing as determined by semester hours completed, not by semesters of attendance. Applications are available from cooperating banks in the student's home. The New Jersey plan is similar to the New York and Pennsylvania plans; applications may be secured from the lending institution.

The following procedure has been established for processing higher education loans at Mansfield State College:

All copies of the application should be submitted to the Office of Student Financial Aid, South Hall, Mansfield State College. The Office of Student Financial Aid will certify the loan application, attach all necessary supporting documents, and mail your loan request to the proper agency. Notification as to award or denial will be received directly from the respective state agency.

Application for a state higher education loan should be made as soon as the student has accumulated sufficient credits to qualify for the higher class standing.

BOOKSTORE

The Campus Bookstore is operated by College Student Services. Any profit accrues to College Student Services for the furtherance of student life. The store is open from 8:30 a.m. to 4:30 p.m., Monday through Friday. During registration week the store will be open special hours as posted to aid students in purchasing textbooks, toilet supplies, clothes, etc.

ART ACQUISITION PROGRAM

An Art Acquisition Program has been in existence at Mansfield for the past eleven years. The purpose being for the acquiring of significant original works of Art and the development of a worthwhile Art Collection for the college. Funds are allocated yearly by the Student Government Association and are under the direction of a Student-Faculty Committee. The collection includes oil paintings, water-colors, intaglios, etchings, woodcuts, lithographs, sculpture, and ceramics. Most of the works are displayed in the student and faculty dining rooms of Manser Hall, and the lounging area of Memorial Hall.

ART EXHIBITION SERIES

A monthly Art Exhibition Series was inaugurated on the Mansfield Campus in September, 1960 for the cultural and esthetic enrichment of the student body, faculty, and community. Exhibits of works by regional, national, and internationally known artists working in a variety of media are featured. Among the artists exhibiting in the past: Lamar Dodd, Stanley Hayter, Leonard Baskin, Jack Levone, Richard Florshein, Benton Spruance, Sol Wilson, Everett Sturgeon and Klaus Ihlenfeld. Three to four exhibits are secured each year from New York City Galleries such as Babcock, Associated American Artists, A C A and Bodley. Exhibits have also been on loan from the Butur Institute of American Art, Youngstown, Ohio, The William Penn Museum, Harrisburg, Pa., and the Living Arts Foundation, New York City. The program is under the supervision of the Art Department and funds for its operation are allocated by the Student Government Association. In conjunction with the Fine Arts Festival, an artist visits the campus, giving lectures to classes and informal groups. The artist's work is also on display at that time as part of the exhibition series. Art Exhibitions in the series are hung in Laurel B. Gallery.

THE MAIN BULLETIN BOARD

The "main" bulletin board is located in front of the entrance to the library. It contains notice of coming events as well as important announcements.

All announcements which are to be placed on the main bulletin board should be sent to the Office of the Vice-President for Student Affairs where they will be picked up by the Student Manager of the bulletin board.

Due to lack of space, oversize (over 12" x 12") posters may encounter difficulty in being placed in this area.

Bulletin boards are also maintained for student use in the College Union, residence halls and in Manser Hall.

STUDENT GOVERNANCE AND COLLEGE JUDICIAL SYSTEM

STUDENT GOVERNANCE AND COLLEGE JUDICIAL SYSTEM

Greater student participation in direction of their own affairs has been one of the most important developments recently at Mansfield State College. Greater student participation means that each student assumes more responsibility for his proper action, conduct and thinking which accompanies the privilege of directing their own affairs. The broad basis for the student government program at Mansfield State College is based on the Student Government Association. All Mansfield students are automatically members of the Student Government Association. Monthly meetings are held for airing problems and for voting on major issues. During the monthly meetings, hearings and reports received by action of the Student Council are reported to the Student Government Association.

Through the Student Government Association a Student Council is elected to represent the Student Government Association at all college affairs. This organization meets on a bimonthly arrangement and conducts the normal business for the Student Government Association. It has a representation of a president, vice-president, treasurer, secretary, adviser and five delegates at large.

MANSFIELD STATE COLLEGE

JUDICIAL SYSTEM

Preface

The College's educational purposes make necessary, not merely permissible, its concern with the quality of student conduct and extra-curricular life. Even a narrow view of education must concede that a student's activities outside the classroom directly affect his academic capacities and learning, and that the intellectual tone of a campus is set by the character of extracurricular life. If one views education more broadly, then it must involve the goal of developing the whole person and not just his intellect and training skills. The College thus pursues two broad aims for its students: sound intellectual and academic training and the development of mature, ethical and responsible persons sensitive to the humanity of others.

The College can best implement its proper concern for the development of the whole person by adherence to the principle of responsible student freedom: each student should have a high degree of personal freedom, coupled with an acceptance of full responsibility for his individual actions and their consequences. It is the Committee's conviction that self-development proceeds from the ability to make real choices, and that maturity grows from the intelligent use of freedom. This means, for example, that rules of conduct, sanctions and the exercise of police power should be kept to a minimum. It also means the shared assumption that each member of the College community will respect the right and integrity of others.

STUDENT CONDUCT — Judicial Structure

The Judiciary System

The following system of hearing boards is instituted to deal with the stated proscriptions which adversely affect the College's educational interests.

1. Men's-Women's Hearing Board (MWHB)

The Men's-Women's Hearing Board will be composed as follows: 4 male on campus members, 2 male off campus members, 4 female on campus members, and 2 female off campus members as voting members. There shall be a non-voting faculty member acting exclusively as adviser to the MWHB. The student members shall be

elected by their peers;¹ the faculty member shall be appointed by the President of the Faculty Assembly to serve a three-year term.

2. Academic Integrity Board

The Academic Integrity Board will be composed of the following voting members: the Vice-President for Academic Affairs or his designee, 2 faculty members appointed for one-year terms by the President of the Faculty Assembly, 2 student members appointed by the Student Council for a one-year term. A student member may be re-appointed.

3. College-Wide Appeals Board

The College-Wide Appeals Board will be composed of the following voting members: five students appointed and ratified by Student Senate and five faculty members appointed and ratified by Faculty Council.

STUDENT CONDUCT — Rationale for Discipline

The educational goals of the College include a concern for non-academic student conduct. This, we believe, can best be implemented by promoting responsible student freedom and maturity and by not confusing the College's disciplinary authority with civil law enforcement. Thus, College discipline should be limited to instances of student misconduct which adversely affect the College community's pursuit of its educational purposes; namely (1) the opportunity of all members of the College community to attain their educational goals, (2) the generation and maintenance of an intellectual and educational atmosphere throughout the College community, (3) the protection of health, safety, welfare and property of all members of the College community and of the College itself. Further, we believe that the College should make its sanctioning powers over students serve its educational goals for students, rather than promoting general police functions well represented in general law.

Specific proscriptions on student conduct which adversely affects distinct College interests or educational purposes are the following:

- (1) Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the College.
- (2) Forgery, alteration, or use of College documents, records, or instruments of identification with intent to defraud.

¹ All student members of the MWHB shall be selected by means of an election held by the Student Council. To be eligible a student shall have completed 15 credit hours of academic work at Mansfield State College. Petitions may be secured from the Office of the Vice President for Student Affairs.

- (3) Intentional obstruction or disruption of teaching, research, administration, disciplinary proceedings or other College activities, including public functions and other authorized activities on College premises.
- (4) Physical abuse of any person on College premises or at College-sponsored or College-supervised functions or conduct which threatens or endangers the health or safety of any such person.
- (5) Theft from or damage to College premises or theft of or damage to property of a member of the College community on College premises.
- (6) Failure to comply with directions of College officials acting in performance of their prescribed duty.
- (7) Violation of published College Regulations, including regulations relating to entry and use of College facilities, and any other regulations which may from time to time be enacted.
- (8) Repeated violation of published rules governing College residence halls.
- (9) Violation of civil law on College premises or in College residence halls in a way that adversely affects the College community's pursuit of its proper educational purposes, as enumerated above.
- (10) Violation of published rules of the Traffic Code.

STUDENT CONDUCT — Sanctions Defined

A preliminary observation should be made. Even where violation of a College rule is established, sanctions need not in every case be imposed. Matters of extenuation should always be taken into account, along with all circumstances, in determining sanctions. No sanctions should be imposed more serious than are clearly appropriate in the circumstances.

Men's and Women's and College-Wide Appeals Boards:

Sanctions:

- (1) Admonition. An oral statement to the student offender that he has violated College rules.
- (2) Censure. Written reprimand for violation of specified regulation, including the possibility of more severe disciplinary sanction in the event of conviction for the violation of any College regulation within a period of time stated in the letter of reprimand.
- (3) Disciplinary Probation. Exclusion from participation in privileges or extracurricular College activities as set forth in the notice of disciplinary probation for a specified period of time.
- (4) Restitution. Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

- (5) Suspension. Exclusion from classes and other privileges or activities as set forth in the notice of suspension for a definite period of time. The student may re-enroll in the College at the termination of his period of suspension without readmission.

STUDENT CONDUCT — Judicial Proceedings

The goal of judicial proceedings should be to develop procedural minima assuring fairness, rather than a formal replication of what obtains in civil society. When a student is brought before a hearing committee, the following requirements of procedural due process shall be observed.

- (1) No member of a hearing committee who is otherwise interested in the particular case shall sit in judgment during the proceeding.
- (2) The student shall be informed in writing of the reasons for the proposed disciplinary action with particularity, and in sufficient time to insure opportunity to prepare for the hearing.
- (3) The student appearing before a College hearing board shall have the right to be assisted in his defense by an adviser of his choice.
- (4) The burden of proof shall rest upon the officials bringing the charge.
- (5) The student shall be given the opportunity to testify and to present evidence and witnesses. He shall have an opportunity to hear and question adverse witnesses. In no case shall the committee consider statements against him unless he has been advised of their content and of the names of those who made them, and unless he has been given an opportunity to rebut unfavorable inferences which might otherwise be drawn.
- (6) All matters upon which the decision may be based must be introduced into evidence at the proceeding before the hearing committee. The decision shall be based solely upon such matters. Improperly acquired evidence shall not be admitted. The hearing board involved shall decide whether evidence has been properly acquired.

- (7) A full report, or transcript, or tape recording of the hearing shall be filed with the Vice-President for Student Affairs as confidential material and shall be periodically disposed of.
- (8) The decision of the hearing committee shall be final, subject only to the student's right of appeal to the College-Wide Appeals Board, or the President of the College.

STUDENT CONDUCT — Initiation of Judicial Proceedings

Any academic or administrative official of the College, any member of the faculty, or any student of the College may file charge against any student of the college for violation of all-College proscriptions. (See outlined Proscriptions.) The charges shall be filed with the Office of the Vice President for Student Affairs who shall recommend that the charges be disposed of informally or disciplinary proceedings be initiated. If all parties involved are not satisfied with informal resolution, the Office of the Vice President for Student Affairs shall send to the student charged a copy of the charge together with notice of applicable procedures that the student should be aware of. A copy of the charges shall be sent to the Chairman of the appropriate hearing board. The Chairman of the hearing board will set the time for the proceedings. In setting the time for the hearing the Chairman should consider whether the charged student has had sufficient time to prepare for the hearing.

Pending action on the charges, the status of the student or his right to be present on the campus and to attend classes shall not be altered. Exceptionally, for reasons relating only to the demonstrated danger to the safety and well-being of the charged student, or for reasons relating only to the demonstrated danger to the safety and well-being of students, faculty, or College property, the charged student may be advised by the Vice President for Student Affairs, pending consideration of the case, that his removal from Campus would be in his own best interest and/or the best interests of the College community. Such advice shall be made before witnesses and the charged student's parents shall be informed of the advice given.

When a student is charged with misconduct regarding cheating as outlined in the stated proscriptions, the faculty member involved shall have the option of disposing of the charge informally or of initiating Academic Integrity Board proceedings. The procedure for the latter shall be as follows: the charges shall be filed with the Vice President for Student Affairs and the Vice President for Academic Affairs by the faculty member concerned after consulting with his department chairman. Both the faculty member and the department chairman shall appear at the hearing and may make recommendations, but they shall have no vote.

A student found guilty of misconduct by either the MWHB, or the AIB may file an appeal from the decision of the hearing board within twenty-four hours to the Chairman of the College-wide Appeals Board.

The appeal shall be limited to a review of the full report of the hearing board for the purpose of determining whether the board acted fairly in light of the charges and evidence presented at the hearing. The College-wide Appeals Board may accept the report without modification, may accept the report subject to a specified reduction in the sanction imposed, or dismiss one or more of the charges entirely.

The right to appeal to the President of the College is stated under the heading "Judicial Proceedings."

Further, a student may petition the original hearing board for a new hearing upon discovery of new evidence.

Any person who is being charged, or who has had concluded decisions at hearing boards, administered as a result of charges being acted upon, and who willfully and with intent to physically, verbally, or in any other manner create actions detrimental to the physical and mental well-being of those involved directly in a case, shall, upon charges being brought by those judicial members or defendants being subjected to such actions, appear before the Vice-President for Student Affairs and proper actions and decisions be rendered to rectify said situation.

ACADEMIC POLICIES

SCHOLASTIC STANDARDS AND REQUIREMENTS

Academic Counsel

Students are urged to make the fullest use possible of the academic counselling available to them through their respective advisors, departmental chairmen, instructors and deans. Faculty are expected to post and keep regular office hours for this purpose.

The student should make a choice of major only after considerable thought and deliberation. Current information regarding the various fields of study offered at M. S. C. may be obtained from the Associate Vice-President for Academic Affairs or divisional deans.

Class Standing

Class standing is determined by the total number of semester hours earned including acceptable credits transferred from other accredited colleges.

Lower Division (General Education)

Freshman	0-31 semester hours of earned credit
Sophomore	32-63 semester hours of earned credit

Upper Division (Liberal Arts or Professional Studies)

Junior	64-95 semester hours of earned credit
Senior	96 semester hours or more of earned credit

The student with 60 semester hours of earned credit while technically a part of the Upper Division is expected to make a formal application for acceptance into his division. Details regarding upper-divisional acceptance may be obtained from the Dean of Liberal Arts or the Dean of Professional Studies.

Semester

A semester's work is defined as a minimum of 12 semester hours of work **attempted**. To be considered a full-time student a minimum of 12 semester hours of work must be carried. 12 to 18 semester hours constitutes a normal student class schedule. A student desiring to carry more than 18 semester hours must obtain permission from his department chairman and meet the following:

<i>Credits</i>	<i>Quality Point Average</i>
19	2.60 or above
20	3.00 or above

Marking and Point System

Mansfield State College employs the 4-point system in evaluating academic performance:

<i>Grade</i>	<i>Interpretation</i>	<i>Quality Points</i>
A	Excellent	4
B	Above Average	3
C	Good College Work	2
D	Passing	1
F	Failure	0
I	Incomplete	0
P*	Passing	0
F*	Failing	0
W	Withdrawal	0

Instructors may correlate percentage scores with letter grades. For such correlations the following list of equivalents is presented:

90—100=A
80— 89=B
70— 79=C
60— 69=D
0— 59=F

The quality point average (Q.P.A.) is determined by dividing the total number of quality points earned by the total number of semester hours of work attempted, excluding semester hours earned on the Pass-Fail basis. It should be noted that semester hours and credit hours are one and the same. The Q.P.A. is the index by which a student's academic standing is judged.

An "F" grade in a required course must be cleared by repeating the course. It is not to the student's advantage, however, to repeat a "D" grade.

An "I" (incomplete) grade is used to denote unfinished work because of a death in the family, illness, accident or other serious mitigating circumstance. The student is responsible for the removal of an "I" grade within a period of three weeks following the term

in which the "I" grade was given except in cases where further mitigating situations prevail. It is expected that "I" grades given at the end of a spring semester be made up during the first three weeks of summer school.

Reasons for granting "I" grades must be cleared through the Office of Academic Affairs. If the "I" grade is not cleared for reasons of mitigating circumstances, the Registrar shall record a final grade of "F".

In addition to letter grades, the following designations (none of which is figured in the Q. P. A.) are used in situations warranting them:

- S—Satisfactory
- U—Unsatisfactory
- EX—Credit by examination
- W—Withdrawal from the course after the drop-add period with the approval of the instructor and the Office of Academic Affairs.
- AUD—Audited.
- P*—Passed on P/F basis
- F*—Failed on P/F basis

Withdrawal From or Addition of a Course

Withdrawal from a course after the designated drop-add period is permitted only for justifiable reasons, and with the approval of the Associate Vice-President for Academic Affairs, instructor of the course and the student's departmental chairman. When such approval is given the student receives W. No notation of a course dropped will appear on the student's permanent record if he withdraws during the designated drop-add period.

A student will receive an "F" in any course from which he withdraws without approval.

To drop or add a course during the drop-add period the student secures the appropriate form from the Data Processing Center, receives the signature of the instructor for the course involved and returns the form to the Data Processing Center.

Change of Major or Division

Requests to change major or division must be initiated in the Office of Academic Affairs. Such requests must be initiated during the specified period well in advance of the next term in order that the application may be acted upon before the new term begins. Specific forms will be provided.

Petition

Whenever any rule or regulation of the College causes an unfair hardship, the student is entitled to petition for an exception by filling

out a petition form obtainable from his appropriate divisional head. Advisors will be glad to assist in the preparation of a petition. Completed forms should have the necessary signatures prior to submission to the Office for Academic Affairs.

Continuance in College

To remain in satisfactory standing a student must maintain a cumulative point average of 2.0 or better. A student whose quality point average (Q. P. A.) falls below 2.0 will automatically be placed on academic probation. Except for the grade report issued at the close of each semester reflecting the student's Q. P. A. the student will not receive special notification that he has been placed on academic probation.

The So-Called "Old Policy" for Academic Continuance

Students entering Mansfield State College in September 1969 or thereafter are subject to the scholastic requirements as follows:

A freshman student (0-31 earned semester hours), who does not attain a 2.0 quality point average (Q. P. A.) at the close of his first semester (12-18 semester hours attempted) will automatically be placed on academic probation. If at the end of his second semester the student has not removed himself from academic probation he will be placed on academic probation for a third semester. At the end of his third semester if his Q. P. A. is not a 2.0 or better, the student will be dismissed from the College.

Students transferring to Mansfield State College with freshman status (0-31 semester hours) will be accorded the same consideration as the regular Mansfield State College freshman. A transfer student with 32 semester hours of transferable work who does not achieve a 2.0 Q. P. A. at the end of his first semester will automatically be on probation for one semester. If at the end of his second semester the student has failed to achieve a 2.0 Q. P. A. he will be dismissed from the College.

Any student with a Q.P.A. of a .99 or below at the close of a semester will be dismissed from the College.

If a student, after completing two or more semesters of academic work, attains less than a 2.0 Q. P. A. he will be placed on academic probation for one semester. If at the end of this semester on academic probation his Q. P. A. is still below a 2.0, he will be dismissed from the College.

One calendar year must elapse before a student who has been dismissed for academic deficiency may reapply for re-admission to the College. Any student twice dismissed for academic reasons automatically terminates his association with Mansfield State College.

PROPOSED NEW POLICY FOR ACADEMIC CONTINUANCE

"Students entering Mansfield State College in September 1972 or thereafter are permitted continued matriculation governed by credits **earned** with the corresponding minimum quality point average (Q.P.A.) as required by the following outline.

The grade report issued to the student at the termination of a marking period serves as the means whereby he is informed of his academic status. Students with Q.P.A.'s below 2.00 are automatically placed on academic probation for the following term.

- 0 — 18 S. H. **earned** at the end of any marking period —
1.40 Q.P.A. or better
- 19 — 37 S. H. earned at the end of any marking period —
1.60 Q.P.A. or better
- 38 — 56 S. H. **earned** at the end of any marking period —
1.80 Q.P.A. or better
- 57 — or more earned at the end of any marking period —
2.00 Q.P.A. or better

Having earned 57 or more semester hours (S.H.) of credit, students are expected to maintain an academic average of 2.00 or better. Should a student's Q.P.A. fall below a 2.00 at the end of any marking period in which he has earned 57 or more credits, he must remove himself from academic probation in the next marking period for which he is matriculated. If he fails to do so the student will be dismissed from the College.

Transfer students are subject to the same academic standards as those in effect for regular Mansfield students. For example, a transfer student with 18 S.H. of credit accepted in transfer taking 18 S.H. at M.S.C. must have a 1.60 or better at the close of the term in order to continue.

Readmitted students with Q.P.A.'s below a 2.00 are expected to attain the requisite average as mandated by the above schema.

Any student whose quality point average is below the required Q.P.A. as outlined above will be dismissed from the college. Following dismissal notification, a student upon his own initiative has recourse to the Academic Standards Review Board if he is of the opinion that there is sufficient reason upon which to appeal his dismissal. Should the student desire a review of his case, **arrangements for such review are incumbent upon the student.**

Following a first dismissal, a one calendar year interval must elapse before a student may re-apply for re-admission. Any student twice dismissed for academic deficiency automatically terminates his association with Mansfield State College."

Academic Standard's Review Board

Students who have not achieved the minimum required grade point average to permit them continued matriculation are subject to dismissal from the College. The academic standard to be followed in the case of each student will be that academic standard's policy which was in effect at the time of the student's initial matriculation or readmission.

Following dismissal notification a student, upon his own initiative, has recourse to the Academic Standard's Review Board if in his opinion there would be sufficient reason upon which to appeal his dismissal. Should the student desire a review of his case, he should state this to the administrative officer informing him of his dismissal.

I. Composition of the Review Board:

A. The Vice President for Academic Affairs or his designee shall serve as Chairman of the Board.

B. Three members of the Academic Standard's Committee as elected by that committee shall serve as voting members of the Board for a term of one year. Those individuals for June 1, 1972 through June 1, 1973 are:

Professional Studies Delegate: Dr. Helen Shimer
(Alternate) : Mr. Ralph Garvelli

Arts & Sciences Delegate: Dr. Larry Uffleman
Dr. Paul O'Rourke

Delegate-at-Large: Dr. Roger Trindell
(Alternate) : Dr. Stephen Bickham

C. The Chairman of the student's department shall have one vote.

D. One faculty member of the student's choice shall have a vote.

II. Procedures:

A. The Associate Vice-President for Academic Affairs shall establish the dates of the Review Board and notify the student of the designated time and place. The Chairman of the Board will not have a vote unless there is a split decision.

B. After having been notified of the time for the hearing the student is expected to address to the Chairman of the Review Board a written appeal stating his case. This written appeal may be mailed to the Chairman or brought in person by the student to the hearing. In no case, however, will the Board be obligated to decide an appeal if the student has failed to provide the Board with a written statement of his appeal.

C. After receiving information with regard to the appointed time and place for his hearing, the student is expected to request his departmental chairman and the faculty member of his choice to appear before the Board at the appropriate time.

D. Before the student discusses his case with the Board, the student's written review will be read by the Board. The five voting members of the A. S. R. B. will consider all necessary records of the student. Next the student will be given the opportunity to speak to the A. S. R. B. (if he so desires).

E. Following the presentation of his appeal the five Board members for the case will vote by secret ballot (example: John Doe—granted or denied) and the student will be notified immediately of the Board's decision.

F. Failure to appear on the part of the student may constitute waiver of the appeal and may result in a finalization of the dismissal. Should the student's chairman or the faculty member of his choice fail to appear, the remaining voting members will have the determining votes. A majority vote of the members will determine the decision on any specific case.

The A. S. R. B. has the sole prerogative of hearing without exception, initial appeals of students academically dismissed. Further, it does not recognize the student's claim that he or she has not been notified in time, by the administrative means employed, as a valid reason for having his or her case heard by the President.

G. The recommendation of the A. S. R. B. to the President will be considered final unless the student petitioner has new information to present in a direct appeal to the President.

Withdrawal from the College

Students wishing to withdraw from the College must initiate the process in the Testing and Counseling Center. After proper completion of all withdrawal papers the student is cleared for formal withdrawal.

The student's academic record is marked with the words 'Withdrew (date) No Credit.' No grades whatever are recorded.

Withdrawal without proper notification and approval may prejudice the student's record and his chance for readmission. The college reserves the right to record "F" grades for courses not completed during the semester in which the student has improperly withdrawn.

Absence Policy

Student evaluation expressed as grades will be determined on the basis of academic performance. Professors will outline their criteria for academic evaluation prior to the end of the first week of class.

Bona fide absences because of illness, serious mitigating circumstances, or absences because of official College representation approved by the Office of the Vice-President for Student Affairs shall be accepted by all faculty.

Requests for absence from the College must be initiated in the Office of the Vice-President for Student Affairs and official notification for excused absences will be issued to the faculty by this office.

Academic Integrity

Faculty members are expected to take reasonable precautions to reduce to a minimum opportunities for dishonesty in academic work. Faculty should instruct the students as to the meaning of plagiarism so as to aid in solving the plagiarism problem. Where possible, the faculty member is expected to assess offenses of academic dishonesty in the interests of acceptable high standards. This is a matter primarily between the student and instructor. Requests for special assistance may be made to the Office of Academic Affairs.

**TRAFFIC AND PARKING REGULATIONS
MANSFIELD STATE COLLEGE
EFFECTIVE SEPTEMBER 1, 1971**

General

Parking vehicles on campus is a privilege granted by the College to all individuals who can observe restraint and display maturity in the operation of their vehicles and the use of parking facilities.

Motor vehicle control is administered by the Mansfield State College Traffic Policy Committee. The Committee is authorized to establish and enforce through the Traffic Court such rules and regulations as are deemed necessary and proper for the operation of motor vehicles and for the safety of pedestrians, property, and other vehicle operators.

All College employees, faculty and students who operate any type of motor vehicle are presumed to have read the following rules and regulations following registration of their vehicle. Failure to read and be familiar with the regulations shall not be accepted as an excuse for violations.

Questions or problems relating to the operation of motor vehicles should be directed to the Chief Security Officer.

These regulations, or any part thereof, may be revised at any time.

REGISTRATION OF MOTOR VEHICLES

A. Registration:

1. Each motor vehicle driven or parked on Mansfield State College property, and/or used by students, College employees, or faculty at any time while in class attendance or during employment, must be registered with the Chief Security Officer. Commercial vehicles delivering or performing services to the College will not be required to have a permit. All vehicles must be registered within 24 hours after arrival on campus.
2. Proof of ownership (registration) and driver's license of the person registering the vehicle must be shown to the college security officer at the time of application for a permit and at any time when requested by a college security officer.

B. Fees: There is no charge for parking, but a permit fee of \$1.00 per permit for the year or any part thereof is charged. Registration of a vehicle does not insure a place to park on campus.

1. Permits with prefix number 11 issued only to administrative officers and faculty.
2. Permits with prefix number 33 issued only to non-instructional employees.

6. Graduate students or graduate assistants are considered students and not faculty.

D. Permits:

1. A permit is issued for a specific motor vehicle. No permit may be transferred from one vehicle to another. The person to whom the permit is issued is responsible for any violation incurred. Students are held responsible for vehicles of visitors and parents and any violation incurred will be charged to the student.
2. The decal is to be placed on the left rear bumper of the vehicle. All old decals are to be removed or obliterated.
3. Tampering in any way with the permits or decals shall be a violation of these regulations and shall be cause for disciplinary action.
4. The permit will become void when the decal identification is no longer distinguishable.
5. The permit of a motor vehicle which is sold, transferred, junked or otherwise disposed of must be returned to the security officer within 48 hours of the time of such disposal or proof of destruction of the permit must be shown. Any change of status of a motor vehicle or the person to whom the permit is issued must be reported to the security officer within 24 hours of such change.

6. The operation of a motor vehicle or parking on college property is at the sole risk of the operator. The College assumes no responsibility for any loss, damage or injury to any person or property which occurs on College property.

A. Restrictions:

1. Motor vehicles must be driven only upon regularly constructed roads and must be parked only in designated parking areas.
2. Vehicles must be parked within parking lines.

5. College traffic regulations shall be in force **throughout the entire calendar year.**
